

Because of You, Lord

1.

There were times
when I don't know what to do
I had fears and doubts but never turned to you
Tired and restive
I was alone
Trying to pursue
and yet I failed to make way through...

I failed several times
while looking for you
To cross the battle line was hard to do
I tried hard
I tried very hard
So my thoughts could come true
I ended up feeling so blue.

Chorus

But because of you, Lord
I finally see light
Because of you, Lord
I'm ready to fight
I stand tall and proud to walk through life with you
Because of you, Lord
Because of you.

2nd time to Coda...

2.

My frail heart
has betrayed you a million times
Yet you died on the cross for us to know
Of your love
that always persists
a human heart could never resist oh--

There were times
When I ignored your words
and led me astray to a life of misery
I stood up
and fell down
but only your love
can keep my feet back on the ground

back to Chorus

Coda

Lord.
I finally see light
Because of you, Lord
I'm ready to fight
I stand tall and proud to walk through life with you
Because of you, Lord
Because of you.
Because of you. Lord
Because of you.
